Min decorates the house for Chester's forthcoming donkey party while Andy shows Chester how to do a nose dive from the top of the barn without hurting himself. Andy picks himself up, bruised and swollen and go into the house to help Min hang streamers. Chester ties a rope to his hobby horse, the other end of which is fastened to a motor truck. Andy falls from the step ladder to the back of the hobby just as the truck drives off, taking him for a wild ride through the town.

The kids think the donkey party must be a donkey party, so each one brings a donkey into the house. Andy tries to get the animals out and is kicked all over the place. Min finally gets them in the yard and Andy, unable to sit down, presides at the table when the birthday cake is served. He makes a hit with the kids by blowing out all the candles with one breath and then sends Chester for more candles to show them another trick. Chester gets cannon crackers by mistake. They light the "candles" and Andy prepares to do the trick. There is a big explosion, the house is wrecked and the party ends.
